Once you have logged into ALECs, you will select the new “Industry Reporting” Tab.

Webform Submission

Industry Reporting

You can either choose to upload a file using the bulk submission method or complete your report using a webform. Once you start with one method then all licenses for your masterfile must be completed using the same method. Bulk submissions are helpful for large companies with many individual licenses. Everyone else should use webforms.

Think carefully about which method you choose (Webform or bulk). Once you start you must file all licenses using that method.
